SKILLS & ABILITIES

Experienced in full-stack web development with strong project management and problem-solving skills. Proficient in React.js, Node.js, Express.js, and MongoDB, with a solid understanding of RESTful APIs and modern JavaScript (ES6+). Skilled in crafting responsive UI with Tailwind CSS and enhancing UX using Framer Motion. Excellent in team collaboration, version control with Git/GitHub, and integrating AI capabilities using OpenAI and LangChain.

LEADERSHIP

Served as team lead in multiple hackathons and tech projects, guiding end-to-end development from concept to deployment. Mentored peers in frontend/backend workflows, delegated tasks effectively, and ensured timely delivery of functional, high-quality solutions.

ACHIEVEMENTS

HACK4BIHAR 2025 – FINALIST (ONGOING).
INTRA-COLLEGE HACKATHON – TOP 10 OUT OF 200 TEAMS.

EXPERIENCE

FULL STACK DEVELOPER

JAN 2025 - PRESENT

Led teams in multiple college and external hackathons, tackling real-world problems and building end-to-end solutions within limited timeframes. Contributed across both frontend and backend, showcasing strong teamwork, problem-solving, and rapid development skills.
